

OUR GOAL

is to provide an engaging learning environment, and to make decorating spaces an easy task for busy Sabbath School teachers or CM leaders. One way to accomplish this goal is to utilize the Bible Times Backdrops to transform the classroom into a hands-on interactive learning space.

Instead of worrying about how to decorate your classroom, your time can be spent focusing on preparing the lesson.

The colorful backdrops are made of top-quality, wrinkle resistant fabric, and are easy to hang on walls or backdrop stands. They come in two available sizes.
