

## CREW LEADERS

Thank you so much for your ministry at VBS!  
Here are a few things I'm going to need your help with...

- Be friends with the children in your crew, get to know them a little better, by name
- Never leave kids unattended, specially don't let them cross the street by themselves!
- Be involved with the kids in your crew, participating during all stations (Help and support Station leaders during class)
- Put away your cell phone (avoid calls & text Messages during VBS program) give your undivided attention to the kids
- VBS Staff pictures: we'll take them on Wednesday after the program. If you don't have a VBS t-shirt, bring a similar color one please!
- After graduation program on Friday night, all station leaders will recruit the help of crew leaders to clean up – take down the different stations and have them ready for Sabbath
- Please invite & bring friends to graduation program on Friday!

Thanks again for your help, you made this evangelistic event a success!!
